

ASH GROVE CEMENT WEST, INC.

Inter-Office Memorandum

Date February 11, 1985

To Erik Voldbaek

From Ken Rone

Copies to _____

Subject Activity Report

Week Ending 2/10/85

1. Arranged transportation for nine (9) pallets of refractories to Durkee.
2. Visited Wolf Mountain Coal in Nanimo. New washing plant yields excellent product. Stoker sizing eliminates fines and makes outside storage much easier. They presently sell to Columbia. Prices may be competitive into Rivergate. 180 MT annual capacity in this underground operation.
3. Crushed limerock in preparation for next weeks masonry run (3000/t).
4. Sent masonry analysis to Mr. McRae at Kennewick per his request.
5. Met with Mr. Prehm of Mineral Resources Inc., to confirm details of gypsum delivery. He indicates ship is loaded and is on route.
6. Met with Shoreline Planning Commission to introduce company and express concern over their proposed changes to the Shoreline Act. They propose no construction within 90' of shoreline and an 80' height restriction (material handling structures excluded) within 200' of shoreline.
7. Attended public hearing on city's Master Plan Rezoning changes. Nothing going on here to be concerned with now. Our meeting the previous week with the city's Land Use Committee established our position.
8. Established 1/2 hour "radio checks" by gate guard to inquire the status of the two shift personnel as a safety precaution.
9. No accidents; Visitors: Mr. and Mrs. Wells.
